**RE: Phase I Environmental Site Assessment
Strawn Property in Payette, Idaho
19.04 Acre Parcel 07N05W031950**

To Whom It May Concern:

Summit Environmental, Inc. (Summit) has been retained to conduct an environmental site assessment on Parcel 07N05W0319505747 in Payette, Idaho (see attached aerial map). The site is approximately 19.04 acres in size and is currently owned by Richard and Joann Strawn. The property is currently used as farmland / fruit orchard and is located northeast of Interstate 84 and west of Palisades Corner where Highway 95 crosses Interstate 84.

An aerial map with the site location is attached for your assistance. There is no established address. If you have any questions about the site location please, contact Summit at 208.377.2900.

We would appreciate any available information your office might have regarding environmental contamination at the sites, or any nearby properties that may impact the sites. Information regarding any area or regional environmental concerns that may potentially impact the sites would also be beneficial.

Information pertinent to Summit's assessment would include, but not be limited to: chemical spill notifications, employee or citizen complaints regarding chemical management, noncompliance with environmental regulations (RCRA, CERCLA, etc.), leaking underground storage tanks, groundwater and drinking water information, sewer/septic and waste water information, or any current or past environmental investigations associated with this area.

Please call me at 208.377.2900 if you have any questions or need further information. A written response addressed to me prior to June 12, 2015 would be greatly appreciated. Please reference the site in your correspondence.

Sincerely,
Summit Environmental, Inc.

A handwritten signature in black ink, appearing to read "Mike Larango", is written over the typed name.

Mike Larango, CES
Field Supervisor
